OCR H573

## CONTENT WARNING

This course is an A Level and is therefore aimed at students of 16+.

Students who are younger than this are more than welcome, but there will be reference to adult themes from time to time. This course contains references to sexual assault and rape, violence, warfare and other adult themes. I do not cover these things gratuitously but they are a core part of the course at times and feature in the textbook.

## Component 1: Philosophy of Religion

In Philosophy of religion learners will study philosophical issues and questions raised by religion and belief. These include arguments regarding the existence or non-existence of God, the nature and influence of religious experience and the problems of evil and suffering. They will also explore philosophical language and thought, through significant concepts and the works of key thinkers, illustrated in issues or debates in the philosophy of religion.

## Component 2: Religion & Ethics

Religion and ethics is characterised by the study of ethical language and thought, with exploration of key concepts and the works of influential thinkers. Ethical theory will also be applied to issues of importance; namely euthanasia, business ethics, and sexual ethics.

## Component 3: Developments in Christian Thought

Developments in Christian thought provides an opportunity for the systematic study of Christianity. This will include the exploration of religious beliefs, values, teachings and practices that shape religious identity, as well as sources of wisdom and authority. Also central are the ways in which religious traditions have developed over time, and religious responses to challenges and significant contemporary social issues.

## Examination Information

3 exams of 2 hours 20 minutes.

All exams will be in 2026.

There will be a range of partial and full mock exams throughout the course. We take mock exams in lessons which will be recorded in case we need evidence of work due to any exam complications in 2026.

I mark all exams and provide feedback. We will study all the required exam skills in class and most homework will be based on exam questions.

Exams are readily available across the county at independent exam centres such as A3, Faregos and Tutors & Exams. I am partnered with Tutors & Exams but this does not mean you must take the exam with them.

The deadline for exam entries is usually around the end of January. I suggest that you sign up before then to avoid any delays, especially if you require access arrangements due to any special needs (extra time, use of a laptop etc.)

I **cannot** sign up to exam for you, but I can offer help and advice. It is also no me who can decide if a student requires extra time etc; that's something you must arrange with the exam centre you choose to sit the exam with.

You can find examples of exam papers on the OCR website.

## Assessment and Homework

In order to track student's progress, I ask them to complete regular homework and mock exam assessments.

Homework will be set every week and will usually be based on exam questions so that they can be marked and graded.

All students must have access to a printer to print off homework and exam papers.

All students must have a way of sending me completed homework. You can either photograph this and send it or scan it in. (If you have completed work on the computer than this is a simple email).

It is much appreciated if work can be sent in .pdf form as this drastically cuts down the time it takes to mark.

All homework will be returned, marked, within two days of being sent unless we are taking a holiday. Most homework is sent back the next day.

## Drop-In

If a student requires help with homework, or anything else, they can email me at any time or join my drop-in session every **Saturday from 11-12pm**.

This session is open to all students and their parents for free and you can ask me anything!

## Reports

I send out written reports each November to give parents and students a good idea of how they are progressing. This report will show how regularly homework is completed, attendance and average grades so far.

## How Lessons Work

All lessons are online and use the Zoom platform. Students will have a link that they can use for the entire year.

All lessons are recorded so should you miss a lesson, you can catch up. These are all stored on a central Google Drive. These are also great for revision!

Students are not always required to use cameras or mics, although they are strongly encouraged to do so as it is a small group in which discussion of key themes really helps to build understanding. The exception to this is during mock exams when all students are expected to have a camera pointing at their work, not faces and must have their mics muted.

Students will be able to use the Zoom chat function during lessons if they are uncomfortable with speaking.

Equipment you will need:

- Camera
- Mic
- Stable internet connection
- Notepads and pens for notetaking
- Working printer for printing off assessments etc.

## Holidays and Taking Breaks

This course follows the **Nottinghamshire** school term times (attached to the end of this document). This means that we will have a long break for Summer, half terms and Christmas and Easter holidays.

The price of the course has been split over the length of the course, so even when in holiday times, the monthly cost is the same even though there may be less lessons in that particular month.

As all lessons are recorded, it's no problem at all to take additional weeks off. Please be prepared to catch up with missed lessons though by watching recordings and doing any homework set.

If you cannot make a mock exam for any reason, please send me an email. We can usually work out an alternative time to sit these exams.

## Textbooks
